

Oobleck

Q20

PURPOSE & HYPOTHESIS

Purpose: The purpose of Oobleck is just to play with.

Hypothesis: Oobleck is 2 states of matter solid and liquid.

RESEARCH

My research was mostly on youtube videos.

MATERIALS

The materials for Oobleck is cornstarch and water.

EXPERIMENT

1st step: Add a little bit of water.

2nd step: Add a lot but not too much cornstarch.

3rd step: Mix it until it starts to thicken.

PHOTOS

ANALYSIS

First it was kind of dry. Then after a few minutes it started to get thick.

CONCLUSION

Nothing will stand on oobleck because it doesn't move so it will sink.

REAL WORLD CONNECTION

It's not really important but it's good for when kids are bored so they can be entertained.
